## CERTIFICATE OF TRANSMISSION UNDER 37 CFR 1.8

I certify that this correspondence of 3 pages is being transmitted by facsimile to the United States Patent and Trademark Office to: Examiner \_\_\_\_\_, Art Unit 2812 at facsimile number 703 872-9306 on January 25, 2005 by Arnette Dodge.

With regard to the Restriction Requirement, however, Applicants respectfully submit that the subject matter of all claims 1-32 is sufficiently related that a thorough search for the subject matter of either group of claims would encompass a search for the subject matter of the remaining claims. Thus, Applicants respectfully submit that the search and the examination of the entire application could be made without serious burden. See MPEP §803, in which it is stated that "if the search and examination of the entire application can be made without serious burden, the Examiner must examine it on the merits" (emphasis added). Applicants respectfully submit that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Should the Examiner require or request anything further from Applicants prior to examination, the Examiner is requested to contact Applicants' undersigned representative at the telephone number below. Otherwise, Applicants request early and favorable examination on the merits.
